

About E.N.O.B.L.E.

E.N.O.B.L.E. began because a group of educators and adults with disabilities recognized the special challenges that students with developmental disabilities face in furthering their education, whether it is to continue onto a college course or to learn the basic skills for employment.

E.N.O.B.L.E. is dedicated to assisting individuals with developmental disabilities achieve their goals, whether by direct assistance or by acting as a support group or even as an advocate for those facing these challenges.

E.N.O.B.L.E. is a non-profit organization staffed by volunteers who share our goal of enabling individuals to receive the education they need and want to lead a more fulfilling life.
